## A WALK DOWN MAIN STREET

### Stay current with Sulphur Main Street

Sulphur Main Street returned from the 22nd Annual State-wide Preservation Conference in historic downtown Okmulgee. Preservation is a vital component of what Main Street is all about. The workshops ranged from 25 years of Down Town Revitalization in Oklahoma through Main Street, to Restoring Historic Tribal Buildings. To find out ways you can help restore and maintain our precious resources call our office today.

### Sulphur Main Streets

Sulphur Main Street is working to help our Historic Downtown Business and Shopping District to grow. We are working to restore our downtown where our town's history is honored in the buildings and design of our business district.

For more information about Sulphur Main Street and how you can become a member or volunteer, contact Phyllis Myers at the Sulphur Main Street office.
